

# Mentorship Program

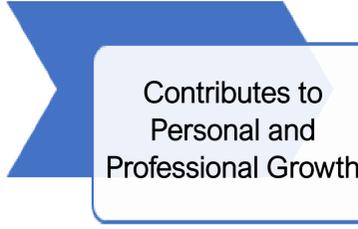

EMPOWERING STUDENTS TO REACH THEIR POTENTIAL

## Mentee Benefits

 <p>Improves Job Readiness and Industry Awareness</p>	 <p>Encourages Setting Higher Personal Goals and Taking Risks</p>	 <p>Offers Career Guidance /Interview Advice &amp; Practice</p>	 <p>Enriches College Experience by Connecting Class Work to Real World</p>	 <p>Provides Exposure to Diverse Perspectives and Experiences</p>
Students gain a fuller understanding of career options, career opportunities and the skill set that can help put them on a path to career success.	Students can identify new areas for development and set strategies for achieving their goals.	Students drive the process helping them build their communication skills and confidence in speaking with industry professionals.	Students can create a bridge between text book knowledge and the skills put to use in the office, board room and lab.	Students expand their ability to find solutions by gaining exposure to individuals who offer different ways of thinking about an issue.

Having an industry mentor can make all the difference in navigating the college to career experience.

## Mentor Benefits

 <p>Contributes to Personal and Professional Growth</p>	 <p>Provides Opportunity for Distinction as Role Model for Others</p>	 <p>Enhances Coaching, Leadership, and</p>	 <p>Builds a Lasting Career Network</p>	 <p>Provides Intrinsic Satisfaction Helping Rising Professionals</p>
Professionals gain an opportunity to explore their own career paths and outline new areas for development.	Professionals gain notoriety for their willingness to provide leadership by example and define success as a factor of more than financial earnings.	Professionals are challenged to build their own skills to support others which can be applied to multiple facets of everyday work life.	Current professionals will have an opportunity to build a network that incorporates rising professionals.	Professionals know that their efforts are assisting students who may not have had the opportunity to build cultural, social or professional advantages.

Do you have what it takes to be a mentor?  
Could your business benefit from building a mentorship program?
